

Per IN SPACE

SO HERE I AM... A
MAN ADRIPT IN THE
BIG BLACK MOUTH OF
THE ONE-AND-ONLY
OUTER SPACE!

THIS MORNING I WAS
STILL AN EARTHBOUND
BREAKFAST-EATER

I WAS A NEIGHBOUR,
WITH RECYCLING
AND TRASH TO PROTECT
FROM RACCOONS

THINGS SURE CAN
CHANGE FAST!

I KNEW I NEVER
SHOULD HAVE FOLLOWED
THAT RACCOON ALL
THE WAY UP HERE.

HUMANS SHOULDN'T
TRY TO COLONIZE SPACE
IF YOU ASK ME...

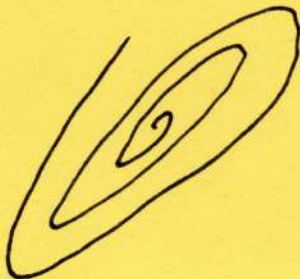

...WE SHOULD STAY
OUT OF WHERE WE
CAN'T BREATHE

WHAT MAKES US THINK
WE'VE EARNED INTERPLANETARY
IMMORTALITY?

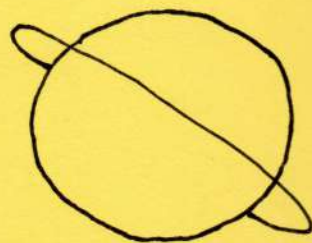

WHAT MAKES US THINK WE
CAN HANG WITH THE STARS?

WHY LIVE FOREVER?

DEATH AT LEAST IS NATURAL

AND ONE THING I KNOW FROM LIVING

-WORRIES TEND TO MULTIPLY OVER TIME

THINGS GET HEAVIER...

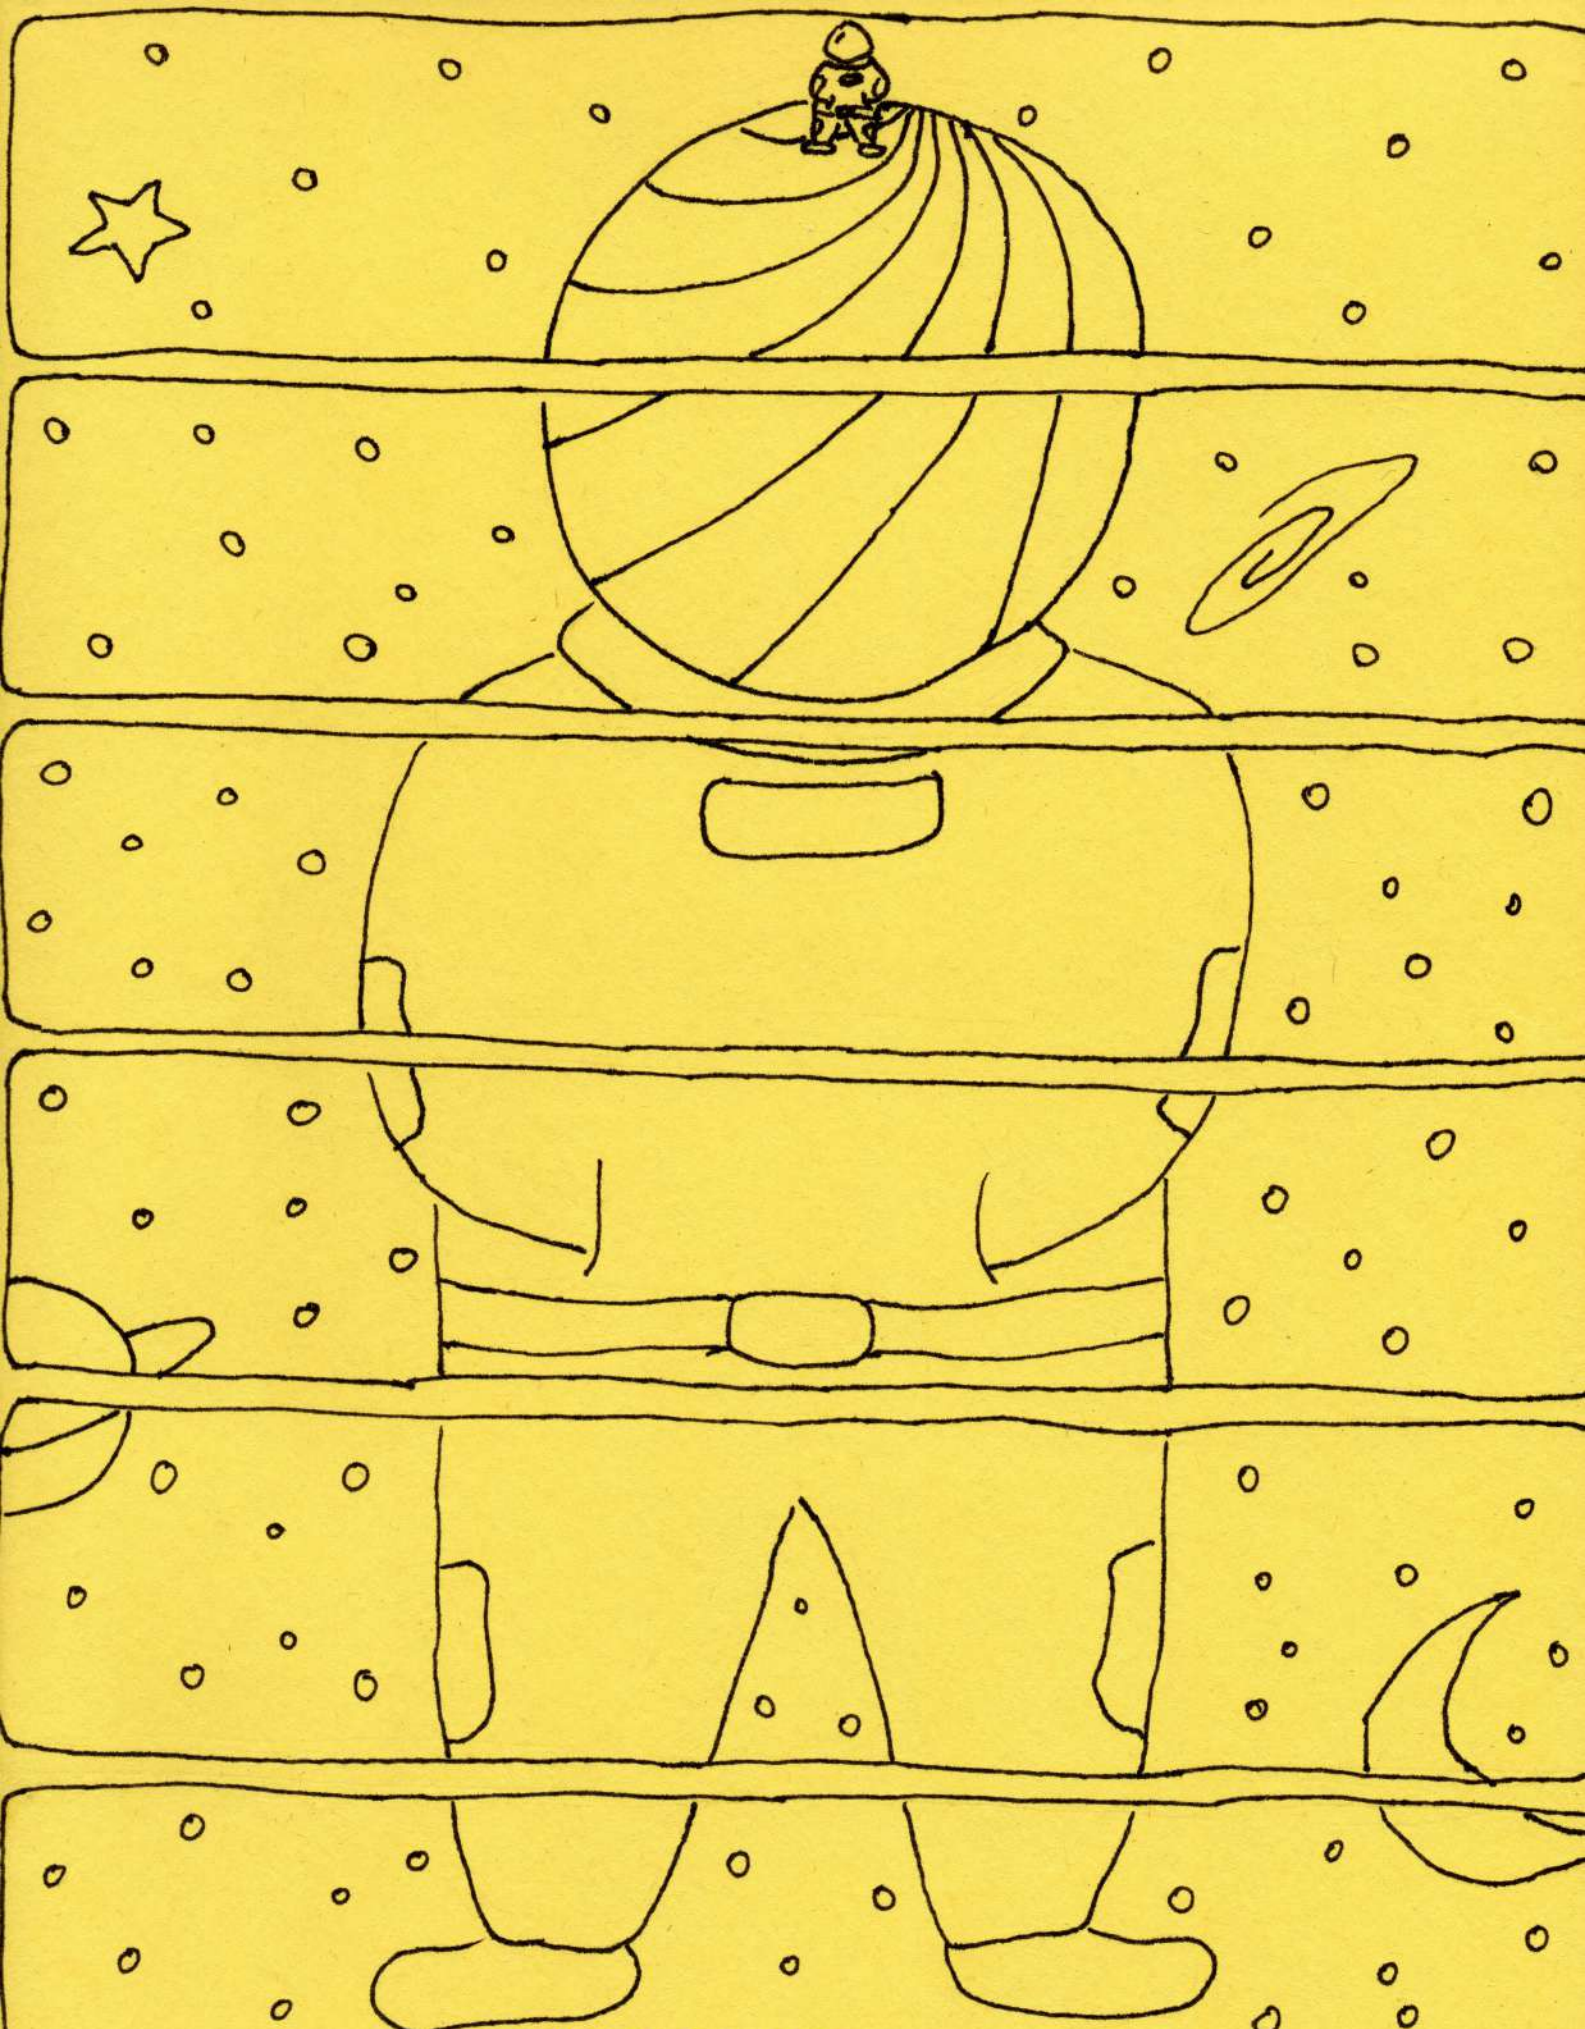

... GRAVITY INCREASES

AND DESPITE AN INFINITY
OF WORLDS—

— WHEREVER WE GO WE'RE
ALWAYS JUST BROUGHT BACK
DOWN TO EARTH.

THE UNIVERSE HAS NO LIMITS,
BUT WE DO
